Clown Sketch - A group of 3rd people walk on missing a conversation. A 4th person walks on wearing a tatty hat and coat and carrying a plastic bag. This person tries to talk to the group but gets pushed away. Tries again same thing happens. Person 4 walks over to a chair and sits down. Person 4 looks into its bag and pulls out some juggling balls and starts to try and juggle. One of the group goes over and knocks them out of P4's hands. ~~Person 4~~ walks over to group laughing. P4 sits down looking upset and pulls out of its bag a balloon, it then begins to blow it up. Another member of the group comes up to P4 and pops the balloon with a pin and also walks over to group laughing. P4 again pulls something out of its bag and starts to read a newspaper. The last member of the group creeps up behind and yanks it out of P4's hands, ~~it~~ rips it up and throws it away, walks over to the group laughing. They all turn around laughing.
